

Skywarn Spotter Training

National Weather Service Brownsville Texas

*...Serving Deep South Texas
and the Rio Grande Valley since 1922*

YOU ARE INVITED !

WHAT: Basic Skywarn Spotter Class

WHERE: City of San Benito Police Department
601 North Oscar Williams Road
San Benito, TX

WHEN: 9:00 AM to 12:00 PM, Wednesday, February 29, 2012

CONTACT: Lt. Michael Galvan, Office of Emergency Management
Phone: (956)-361-3880
E-mail: mgalvan@cityofsanbenito.com

Classes normally run about 2 hours, including time for questions and answers and a brief, easy, open-book quiz at the end of the session. At the class, you will receive a Basic Spotters Field Guide. Upon successfully completing the course and quiz, we will send out a welcome letter, a laminated Spotter ID card, a certificate of recognition, and a Skywarn bumper sticker!

You only need to attend one basic Skywarn class to be certified as a SKYWARN spotter. These sessions provide a wonderful opportunity for veteran spotters to refresh their skills, and for new spotters to learn all that is necessary to become skilled and certified to help the National Weather Service in Brownsville succeed in protecting lives and property for residents and visitors of the Rio Grande Valley and Deep South Texas.

As always, classes are **free of charge!** We hope you find this training session to be informative and entertaining. Hope to see you there!!!

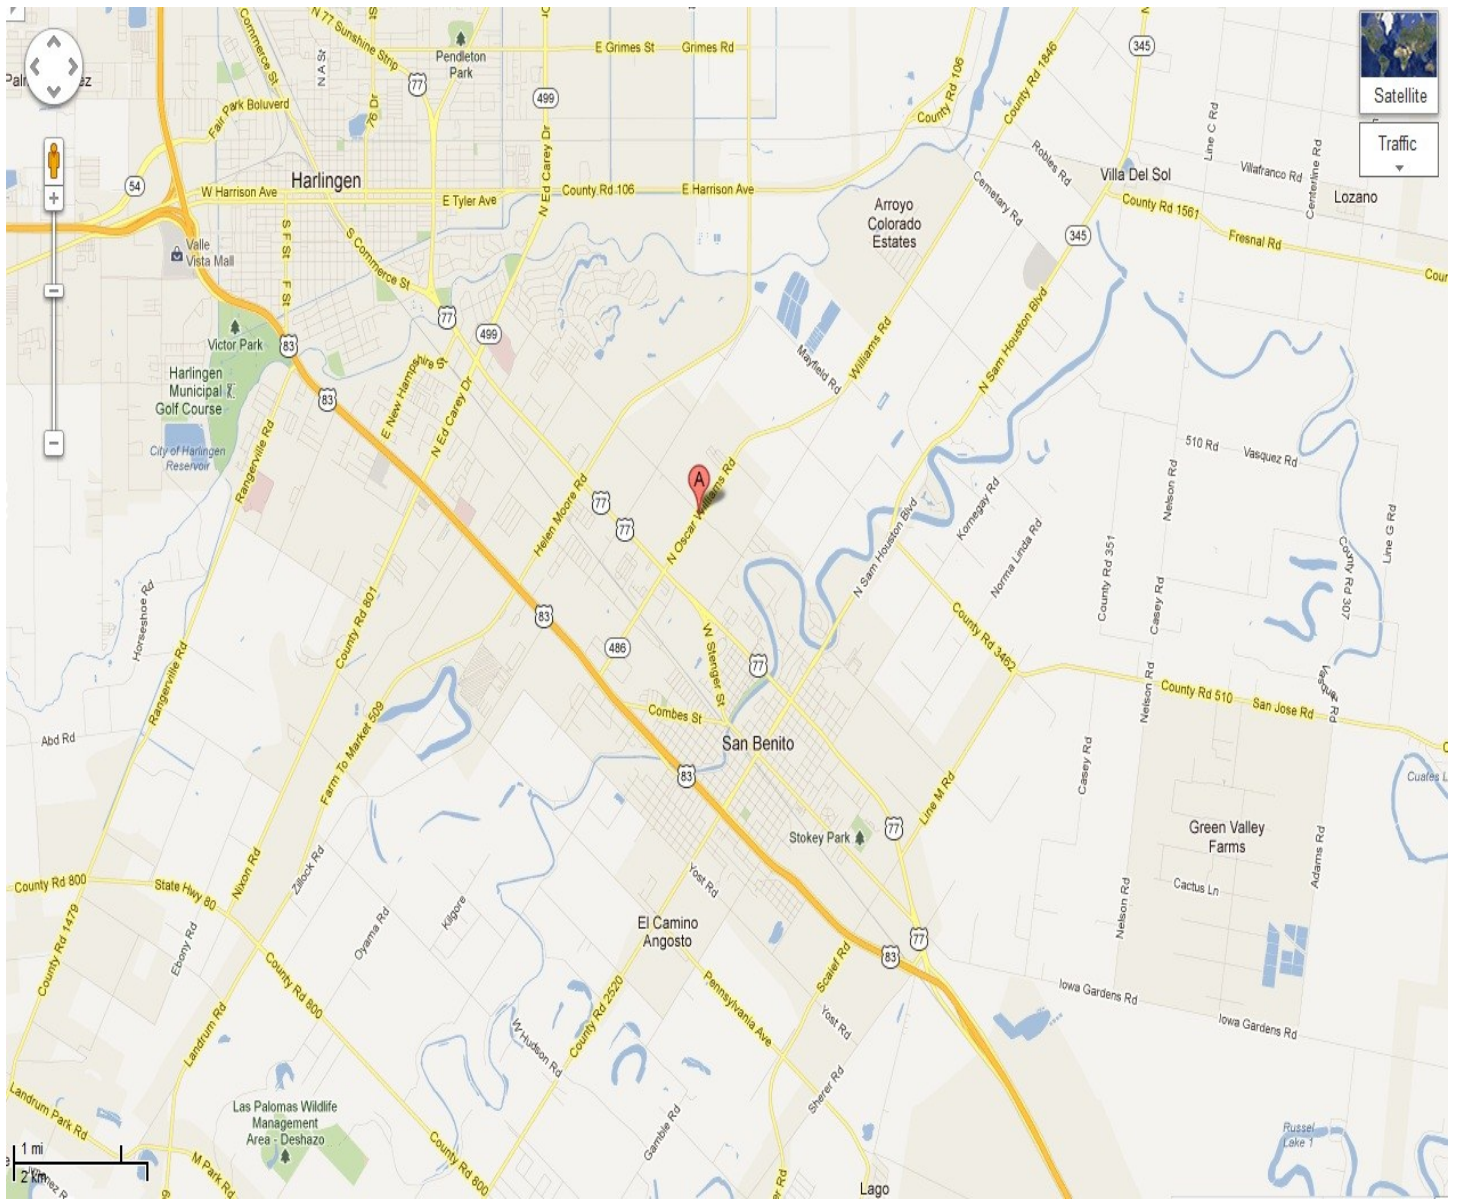

Sincerely,

Barry S. Goldsmith - Warning Coordination Meteorologist - (956) 504-1631 X 223
Joseph Tomaselli - SKYWARN Training Coordinator - (956) 504-1432
